

Qlik Gold Client for Data Protection 2.0 Install Guide

This topic describes how to download and install Qlik Gold Client for Data Protection.

First, create a Qlik ID for use on the download site and support portal. Go to <https://community.qlik.com/>. On the top right, click **Sign In**. If you already have a Qlik ID, simply log in. If you do not have a Qlik ID for this site, scroll to the bottom and click **Sign Up**. Enter your company email address and click **Get Started**. Complete the name and location information and click **Next**. Enter your job details and click **Next**. Retrieve the six-digit code sent to the provided email and enter into field **Verification Code**. Create a secure password and check the box to accept terms and conditions. Click **Start Using Qlik**.

Once registered and logged in, go to the Qlik Download Site found at <https://community.qlik.com/t5/Downloads/tkb-p/Downloads>. The path is on the Community is Support -> Product News -> Downloads. Select the option for Data Integration and use the Product filter to select **Qlik Gold Client for Data Protection**. Download the following files:

Qlik Gold Client for Data Protection.zip
Qlik Gold Client for Data Protection Configuration.zip

The first transport is the main Qlik Gold Client for Data Protection program and is Client Independent. Please import the following transport into your ECC landscape:

GCSK900077 (Qlik Gold Client for Data Protection.zip)

The following transport is Client Dependent and can be imported upon successful completion of the above transport:

GCSK900005 (Qlik Gold Client for Data Protection Configuration.zip)

Once the transports are successfully applied, execute transaction /n/GDPR/GOLD, and enter the provided license key with the Production system ID. This needs to be entered once in each system where you want to use Gold Client for Data Protection.

Please see the Qlik Gold Client Data Protection 2.0 Release Notes (<https://community.qlik.com/t5/Release-Notes/Qlik-Gold-Client-for-Data-Protection-2-0/ta-p/1893177>) for more information on this release. The Implementation Guide and Security Guide will be discussed on a future technical call. To visit the support site directly, go to <https://community.qlik.com/t5/Support/ct-p/qlikSupport>.
