# What's new in Qlik Connector 7.0.5 for use with SAP NetWeaver?

---

This release can only be used in SaaS editions of Qlik Sense. It contains transports to be used with the SAP BW Connector for SaaS editions of Qlik Sense. The SAP BW Connector combines and improves the functionality of the SAP Bex and SAP InfoProvider connectors for Qlik Sense Enterprise on Windows. For more information about the SAP BW Connector, see the online help.

## SAP transports

You must install the '705 SAP transports' which can be found on the Qlik Download site. See instructions in the online help or in the document 'Qlik Connector for SAP - Installation guide v7.0.5' about which transports to import.

## Known issues and limitations

---

The following issues and limitations were identified at release time. The list is not comprehensive; it does however list all known major issues and limitations. We expect to have the issues fixed in future versions.

No issues or limitations.
