

## Qlik Sense® License Conversion

Qlik® is pleased to offer customers an opportunity to convert their Qlik Sense Enterprise Tokens to Qlik Sense Enterprise Professional User, Analyzer User and Analyzer Capacity licenses. Customers may take advantage of this offer in accordance with the terms outlined below.

Token Quantity	Equivalent License
1	1 Qlik Sense Enterprise Professional User (Client-Managed).
1	1 Qlik Sense Enterprise Analyzer User (Client-Managed).
3	4 Qlik Sense Enterprise Analyzer Capacity Packs (Client-Managed) (Available as subscription only).
1 View Only™ Token	1 Qlik Sense Enterprise Analyzer User (Client-Managed).  <i>“View Only” Tokens were offered as part of a limited promotion and refers to Tokens which are available to internal or external users and contractually restricted to viewing Qlik Sense applications with no further use rights.</i>

### Terms of Offer

1. This offer is only available to customers who are current on maintenance or in a current subscription. Support fees remain payable following a conversion in order to continue receiving support services. Where a customer is converting to subscription, the initial annual subscription fee will be the same as the annual support fee for the perpetual licenses. Customers are not entitled to a refund of license or maintenance fees in the event the value of the new Qlik Sense license is less than the value of the total fees paid.
2. Customers who wish to convert their Tokens must be do with respect to all licensed Tokens. No partial quantities may be converted.
3. Any price or discount holds applicable to Qlik Sense Tokens (or other promotional offers) are not applicable to purchases of Professional, Analyzer or Analyzer Capacity subscriptions following conversion. Any contractual limitations or other restrictions on use, which are applicable to converted Tokens, shall remain applicable to the new Sense license type following conversion.
4. This offer does not apply to licenses granted under any OEM or MSP agreement or arrangement.
5. Future software products and/or other currently available software products not listed above, including core-based licenses, are specifically excluded from this offer. Enterprise licenses subject to a deployment period or enterprise term may not be converted until the end of the term and after a fixed quantity of licenses has been determined.
6. Conversion may require the customer to upgrade their software version in order for all license features to function.
7. Customers taking advantage of this offer shall be required to execute a Certificate or accept terms evidencing the transaction and the terms of this offer. All conversions are final with no right to convert back to Tokens.
8. This offer may be withdrawn and modified at any time upon Qlik's sole discretion.
