Maintenance & Support is invoiced yearly in advance from delivery date and is mandatory for the first year. The fee is calculated on sales price dependent on the level of the support coverage. For more information please download the **Maintenance Policy** from [www.qlik.com/license-terms](http://www.qlik.com/license-terms)

### **Minimum Orders**

#### **Qlik Sense**

##### **Minimum Order Tokens**

Minimum order quantity is 5 Tokens.

#### **QlikView**

##### **Minimum Order Quantities for new servers:**

##### **Enterprise Edition and Small Business Edition Server**

5 Named User CALs is always required (minimum) but no other CALs now require a minimum.

##### **Extranet Server**

5 Extranet Session CALs is always required (minimum).

##### **Follow on orders:**

Only 1 minimum value is now required if the transaction contains more than one CAL type. This means 5 Named User CALs and 5 Document CALs in the same transaction would be considered as a valid order and so on

##### **Small Business Edition Server:**

Either 5 Named User CALs or 10 Document CALs

##### **Enterprise Edition Server:**

Either 5 Named User CALs, 10 Document CALs, 1 Session CAL or 25 Usage CALs.

##### **Extranet Server;**

1 Extranet Session CAL or 25 Usage CALs

##### **Exceptions:**

SBE server: (Buy more or Upgrade) because of the maximum limitation:

If more than 21 Named User CALs are current on the QlikView Server we would allow a smaller number as the maximum number of Named User CALs is 25, for example:

21 existing + 4 new = 25

22 existing + 3 new = 25

and so on ..

SBE server: (Buy more or Upgrade) because of the maximum limitation:

If more than 91 Document CALs are current on the QlikView Server we would allow a smaller number as the maximum number of Document CALs is 100, for example:

91 existing + 9 new = 100

92 existing + 8 new = 100

and so on ..

##### **Local Clients:**

As a general term, not to be sold to a Customer running a QlikView Server. They would not only get the same functions by a Named User CAL leasing a license key to the desktop but also one (1) more user access on the
