🔍 Search

BILLING_START	BILLING_END
01/05/2017	12/31/2099

Notice the end date on this sheet
There is no relevant data for the "Billing End Date Search" sheet as the end date is greater than today

Refresh

For Help, press F1

06/26/2017 9:57:28 AM

This sheet needs to be hidden based on the condition that the end date is greater than today and no other date is available for the date listed in the calendar going back. If there were other assets available that had a billing end date prior to today I would expect to see them listed here as in slide number 4.
