

Add Group button is missing:

The screenshot shows the Qlik Data Catalyst interface. At the top, there is a navigation bar with the Qlik logo, 'Data Catalyst', a shopping cart icon labeled 'My Cart 0', a 'Global Search' input field, and user information 'Admin', 'Support', and 'steffan.holmquist'. On the left is a vertical sidebar with icons for 'Catalog', 'Ops', 'Source', 'Discover', 'Prepare', 'Publish', and 'Security' (which is highlighted in green).

The main content area is titled 'Manage Groups' and has three tabs: 'Users', 'Groups' (which is selected), and 'Policy Sync'. Below the tabs, there is a toolbar with a 'Delete' button, a dropdown menu currently set to 'LOCAL', and a refresh button. To the right of this toolbar is a search bar with the text 'Search' and a search icon.

Below the toolbar is a table with the following columns: 'Action', 'Group Name', 'Created Time', 'Origin', and 'Last Update Time'. There is a single row of data:

Action	Group Name	Created Time	Origin	Last Update Time
	SUPER_GROUP	11-05-2019 21:49:57	local	11-05-2019 21:49:57

At the bottom of the page, there is a pagination indicator '1 to 1 of 1' and navigation arrows for 'Page 1'.
